A Message of *Hope*

The involvement of talented and well-educated youth can strongly impact the direction of a nation. Education is important for both personal growth and society as a whole. It helps boost the economy, promote fairness, and support the country's development. It equips individuals with the vital knowledge and skills to work well in today's job market and deal with a world that's getting more complicated. Education enables individuals to challenge injustices, champion equality, and help build a more united and progressive society.

A country that prioritises education removes barriers to progress and works hard to achieve sustainable development. Furthermore, education helps to create a more inclusive and fair society, allowing everyone the opportunity to thrive.

AdiMahesh Seva Foundation is dedicated to helping build a nation that reaches its development goals and economic advancement. It focuses on SDG 4- 'ensuring inclusive and equitable quality education for all and promoting lifelong learning opportunities', making sure education is fair and of good quality for everyone by assisting in lowering the financial barrier of the young generation from disadvantaged backgrounds in India to break the cycle of poverty, enhancing their opportunities and reducing societal inequalities.

The Education Assistance Program, an initiative by ASF, provides financial assistance to students from challenging and disadvantaged backgrounds, enabling them to realise their potential and drive transformative change through accessible education. The program helps lift young minds out of poverty, empowers deserving candidates to achieve their educational aspirations, and fosters a fairer society. The ASF Mentorship program gives invaluable experience to students to grow, enhance skills, and improve career readiness through valuable guidance and support from dedicated, experienced mentors.

I am pleased to share the Annual Report of AdiMahesh Seva Foundation. This year has been filled with notable achievements. We have witnessed significant progress in our endeavours to support the youth of our nation to fulfil their dreams. Our vision remains focused on empowering children through education, nurturing ethics and values. We are committed to creating a brighter future for our beneficiaries.

I extend my heartfelt gratitude to donors, supporters, well-wishers, volunteers and dedicated staff for being a part of the AdiMahesh Seva Foundation Journey. The effect of your contributions is genuinely impressive. A total of 175 deserving students now have the opportunity to attend the college of their choice. In the future, with your generosity and support, we are dedicated to assisting 500 young individuals in the country to pursue their education at their chosen educational institution.

When we work together, we can accomplish the most. Your assistance, whether through financial contributions, mentorship, networking opportunities, or acting as a representative of our efforts, will significantly benefit the youth of our nation.

We appreciate your faith in the mission of the AdiMahesh Seva Foundation and your ongoing support. By contributing, you motivate us to continue working towards our goals and improve the lives of the people we serve.

It is always a vital to look back as year passes to take stock of things that were envisioned and happened as per plans and despite of that. This process is quite intriguing but always a pleasure as you get a chance to relive all the moments.

The second year of existence of the AdiMahesh Seva Foundation (ASF) is very similar to the growth and development of human being. It's fast paced growth and development, building foundation for entire life, visible to people around and enjoyable for everyone. We admire all those wobbly baby steps turning into a confident run. ASF witnessed a fast paced growth at every sphere, be it number of applications received, scholarships awarded, and consolidation of team; strengthen the processes, firming up new service such as mentorship programme and so on.

We would like to specially acknowledge our mentorship programme and all the 53 volunteers who joined as mentors for their support and guidance to their mentees tirelessly. This definitely is proving to be an amazing nurturing endeavor for all the young recipients to bloom. Five groups – communities are designed as per the education streams such as Kautilya, Sushruta- Charaka, Kalam, Shakuntala and Dr. Radhakrishnan for focused mentoring and peer support. We wish this service also to blossom and inspire more.

As we embark on another chapter of our journey, we take a moment to reflect—not just on the milestones we have reached, but on the unwavering vision and passion that continue to guide us. The foundation of ASF stands strong today because of the foresight and dedication of our esteemed founders, Shri Vneet Jaain and Smt. Anky Jain. Their commitment to empowering young talents, especially girls facing socio-economic challenges, has transformed aspirations into reality, creating an ever-growing circle of impact.

Our heartfelt gratitude goes to the ASF team, led with unwavering dedication by Meghanaben—a team that operates not just with efficiency but with a soul full of purpose. Special appreciation also goes to Mr. Dhaval Parmar, whose steadfast support keeps the momentum alive, ensuring that every initiative moves forward with grace and strength.

However, beyond strategy and leadership, ASF thrives because of the compassionate supporters and passionate volunteers—the true heartbeat of our mission. Their silent yet powerful contributions continue to shape countless lives, turning challenges into opportunities and dreams into reality. Witnessing the transformation of our scholarship recipients—their perseverance, their growth, and the hope they carry forward—reminds us why this mission is so essential.

As we step into another year, we do so with renewed energy and commitment. The road ahead is filled with promise, and together, we will continue to nurture bright young minds, guiding them to become not only strong individuals but contributors to their families, their communities, and the world at large. May this year be even more impactful, filled with new possibilities and strengthened by the bonds that unite us in our shared mission.

With gratitude and excitement,
Directors

03 ASF Team

Meghana Chauhan Program Lead

With over 23 years of dedicated service in the Education and Social Impact sectors, Ms. Meghana Chauhan is a driving force behind the programs at AdiMahesh Seva Foundation. Her academic foundation, including a Master of Philosophy and specialization in linguistics, is complemented by extensive on-ground experience in strategic planning, project operations, and stakeholder collaboration.

Meghana leads the foundation's flagship initiatives—Education Assistance and Mentorship Programs—from vision to execution. Her role encompasses everything from high-level strategic direction to day-to-day management, ensuring alignment with ASF's mission to empower individuals through access, opportunity, and support.

Known for her empathetic leadership and results-oriented mindset, Meghana has cultivated a culture of innovation, accountability, and teamwork across the organization. Her ability to build strong partnerships and lead with purpose continues to create lasting, meaningful impact in the communities ASF serves.

Kamil Vaghela Program Manager

With over 13 years of experience in the social sector and a deep understanding of societal issues, Kamil has successfully identified and implemented effective practices to drive positive change within the system.

Currently, Kamil serves as a manager at the Adi Mahesh Seva Foundation and works with the Education Assistance Program and the Mentorship Program for the program's sustainability and scalability.

Jyoti Pabana Sr. Program Associate

Jyoti has worked in the field of education for more than 15 years. Her innovative teaching and mentoring are rooted in empathy, effective communication, and a deep understanding of diverse student needs. She is passionate about empowering learners and building meaningful connections.

At ASF, she serves as a Senior Project Associate and manages the execution of the Mentor & Monitoring program, and plays a key role in enhancing the program's visibility, impact, and long-term sustainability. She also manages the program's social media presence, helping to broaden its impact and reach.

Janki Prajapati Sr. Program Associate

A dedicated professional with over six years of experience in education and student support, specializing in spoken English training, mentorship, and program management. As a Change Facilitator, she trained school Headmasters in soft skills, enhancing their ability to support students and create positive learning environments.

Currently, she is leading the end-to-end onboarding process in the Education Assistance Program. With expertise in student engagement, program coordination, and mentorship, she thrives in dynamic settings that require strategic planning and clear communication.

Mary Mendonza Program Associate

With 5 years of experience in K-12 content design and digitalization, she has gained a solid understanding of technology and processes that improve user experience and operational efficiency. Her skills in creating clear, engaging content and supporting digital changes contribute to smooth operations.

Currently, she works with the Education Assistance Program, focusing on the renewal process for selected students, maintains website updates, donor data management, and creates content for the website and other ASF documents.

Sandhya Ahuja Program Associate

Sandhya aims to make a difference in society through small yet impactful actions. She firmly believes in empathy and kindness in her profession as a social worker. With eight years of experience, she has trained life skills for kids from less fortunate backgrounds and has extensive expertise in corporate communication, working with a wide range of stakeholders.

Her main duties at ASF include overseeing the Education Assistance Program's end-to-end onboarding, developing partnerships and documentation.

Bhautik Gohil Program Associate

Having worked in education and program monitoring and evaluation for more than 4 years, Bhautik has developed knowledge on the education sector, team management and capacity building of the team. He also played an important role in patient support during the COVID-19 pandemic by providing counselling to more than 17000 patients.

At present, Bhautik works with the Education Assistance Program of the ASF to onboard individuals in need, ensuring they receive the necessary support and guidance.

04 Our Guiding Light - Implementation of Mission & Vision:

Mission & Vision: Illuminating Our Path

At the heart of our foundation, our Mission and Vision guide our every action, ensuring that each program, initiative, and activity is designed to empower students, instill ethical values, and help them grow into responsible individuals who contribute meaningfully to society.

Empowering 175 Students for a Bright Future:

In alignment with our Vision to provide young **minds** with access to better educational opportunities, we have proudly supported 175 students by offering them financial assistance to pursue their academic goals. Our goal is not just to fund their education, but to help them grow into independent individuals with high self-esteem, fully prepared to take on the challenges of life.

Instilling Values for a Responsible Future:

In line with our Mission to inculcate values that foster ethics and social responsibility, we introduced a 12-month theme program, where each month focused on essential life skills such as Positive Thinking, Reflection & Gratitude, Reliability, Time Management, Personal Wellness, etc. These themes were designed to help students build a strong moral foundation, essential for leading a life rooted in integrity. By nurturing these values, we ensure that students not only excel academically but also grow into responsible, ethical individuals who contribute positively to their communities.

Mentorship: Nurturing Growth and Values:

Central to our Mission to facilitate learning at every stage of life, we have built a community of mentors who guide students through both academic and personal development. Our one-on-one and group mentoring programs serve as a key platform for students to learn from seasoned professionals. This initiative supports our Vision of nurturing independent human beings by helping students gain practical knowledge while also instilling a deep sense of ethics, morality, and social responsibility—values central to their personal growth and leadership in society.

Building a Community of Seva Enthusiasts:

Our Mission emphasizes the creation of a community of seva enthusiasts—individuals who are deeply inspired by the spirit of giving back to society. This year, we've continued to cultivate awareness and appreciation for seva (selfless service) and Indian values among students. By promoting these ideals, we aim to instill a lasting sense of social responsibility and compassion, ensuring that the legacy of our foundation lives on through those who embrace and uphold the principles of community service.

Guided by Our Values, We Illuminate the Path Forward:

With each initiative, we bring our Mission and Vision to life, empowering students to not only succeed in their education but also grow into individuals with strong values and a deep commitment to serving others. Through mentorship, value-driven programs, and a focus on social responsibility, we are shaping the future generation of ethical leaders, grounded in Indian values and ethos, ready to lead with integrity and compassion.

As we continue on this path, we look forward to expanding our efforts and impacting even more lives, ensuring that the legacy of the foundation remains strong and continues to grow.

Focus Areas: The Beacons of Change

In our journey to achieve the foundation's goals and enhance our impact, we have focused on key areas of growth that have served as **beacons of change**, driving efficiency, engagement, and long-term sustainability. Each of these areas aligns with our vision of empowering students and preparing them for a future grounded in **values, ethics, and responsibility**.

Streamlining the Onboarding Process

We have streamlined the onboarding process to improve efficiency and enhance the student experience. These improvements have enabled smoother transitions, reduced barriers, and strengthened our ability to attract and retain students from diverse regions.

Enhancing the Mentor Program

We've refined our mentor program by introducing structured guidelines, effectively bridging the gap between mentors and mentees. This has fostered stronger, more productive relationships, helping students build the confidence, skills, and knowledge to succeed academically and personally.

Digitalization of Application Forms

To better serve our growing community, we've transitioned to online application forms. This move has reduced paperwork, improved efficiency, and streamlined the process, making it quicker and more accessible for students. By embracing digitalization, we've made applying easier and more user-friendly, reflecting our commitment to modernizing operations and enhancing the overall experience.

Team Building for a Stronger Foundation

A strong foundation relies on a cohesive team. Over the past year, we have placed a strong emphasis on team building, fostering an environment of collaboration, mutual respect, and shared goals. Through workshops and collaborative activities, we have strengthened our internal structure, ensuring that every team member is aligned and equipped to better support our mission. This has allowed us to work together seamlessly to bring our vision to life.

Engaging Through Social Media

Our revamped social media strategy has strengthened connections with students, mentors, donors, and the community. By sharing success stories and program updates, we've increased outreach and broadened our impact, creating a positive influence and reinforcing our mission to make education accessible to those who need it most.

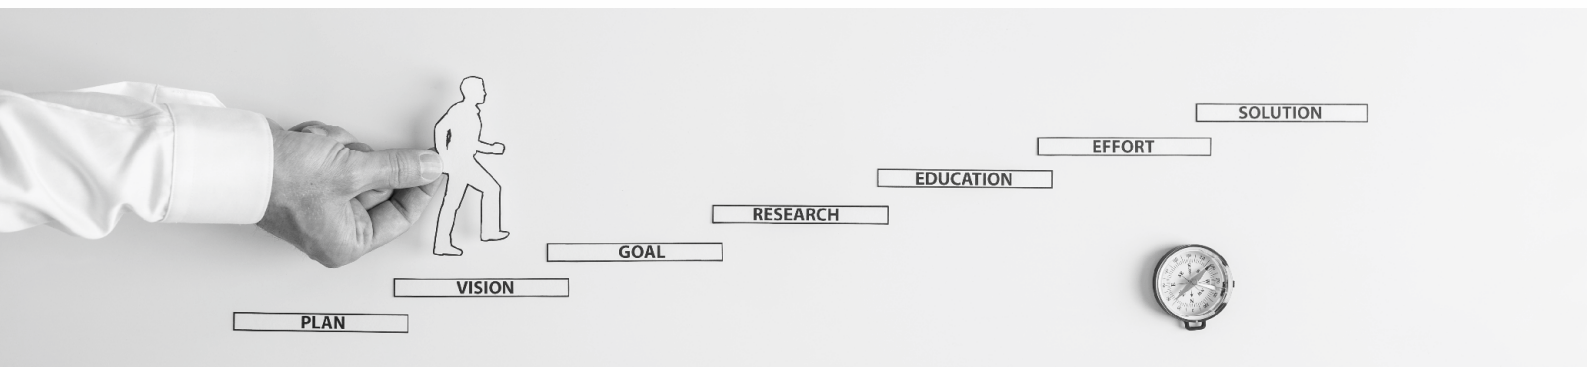

Streamlining Donor Management

To ensure continued support and transparency, we streamlined donor management by issuing receipts and 80G certificates promptly. This efficient process has improved the donor experience and helped secure the funding needed to empower students and expand our reach.

Driving Positive Change

These focus areas have not only enhanced the efficiency and effectiveness of our foundation's operations but also reinforced our commitment to our mission of providing holistic educational experiences and fostering a community of responsible, service-driven individuals. Each of these areas represents a step forward, lighting the way for greater growth, engagement, and impact as we continue to nurture the next generation of leaders and change-makers.

06 Education Assistance Program

i. Our Initiatives: Programs that Transform

- » At AdiMahesh Seva Foundation, our Education Assistance Program is a cornerstone of our mission to support students from socioeconomically disadvantaged backgrounds. This program is designed to eliminate financial barriers, allowing students to focus entirely on their education and future aspirations.
- » Through this initiative, we provide timely and targeted financial assistance for tuition fees and other essential educational expenses. Our goal is not only to support students financially but to foster their overall development through mentorship, skill-building, and career guidance, ensuring they are equipped for long-term success.
- » The Education Assistance Program is more than just a financial aid initiative; it is a transformative opportunity that empowers students to overcome challenges and achieve their academic goals. By investing in their education, we are helping shape a brighter future, one student at a time.

ii. Collaborative efforts/Community Involvement-

- » As part of our Education Assistance Program, AdiMahesh Seva Foundation has reached out to several educational institutions to support students from socioeconomically disadvantaged backgrounds. Through these efforts, we have provided financial assistance to students pursuing various courses, helping them overcome financial barriers to education.

Key Milestones Achieved

Documentation Enhancements

- » Standardized Proposal and Eligibility Guidelines: Developed a uniform proposal format and clearly defined eligibility criteria, streamlining the application and onboarding process.
- » Consolidated Communication Records: Systematically documented interactions among applicants, Program Leads, and Directors to ensure clarity, traceability, and accountability.
- » Reporting and Documentation Structure: Introduced standardized formats for daily, weekly, monthly, and annual reporting, along with a coding system for organizing beneficiary documents—improving consistency, accessibility, and record-keeping.
- » Renewal Documentation Finalization: Key documents, including Renewal Proposals and Understanding Notes, were finalized and successfully implemented to support ongoing beneficiary engagement.

Process Improvements

- » Streamlined Financial and Renewal Workflows: Enhanced the payment process to ensure secure, structured transactions and initiated efforts to simplify and formalize the beneficiary renewal process, currently in progress.

MIS Development

- » System Upgrades and Integration: Periodic enhancements to the Management Information System (MIS) improved overall data management and operational efficiency. A dedicated module was also developed to monitor student renewals and track critical beneficiary information.

iv. Navigating the Storm

a) Challenges Faced

Internal Process Challenges

- » Language barriers and regional language documents complicate communication and verification, adding to the complexity of extensive document checks and data entry during onboarding.
- » Limited manpower strains the management of documentation and MIS, especially during peak application periods.
- » Renewal is at an early stage, making the process definition and streamlining an ongoing challenge.
- » Obtaining accurate data is difficult due to frequent submission of incorrect or invalid documents.

External Process Challenges

- » Securing payment letters from applicants' colleges post-approval is often problematic, sometimes resulting in rejection.
- » Prolonged processing times arise from repeated follow-ups for documents and testimonials.
- » Applicant unresponsiveness hampers timely communication and delays application progress.

b) Strategic Pathways Ahead:

Documentation

- » Finalize the Standard Operating Procedures (SOP) for both onboarding and renewal processes, and develop a comprehensive tracking sheet for month-wise fund disbursements to enable consistent reconciliation with the Finance Department.

Process

- » Implement a stage-wise enhancement of the MIS to optimize data management and operational efficiency, with regular updates to adapt to emerging challenges and support seamless workflows.

v. Case Studies: Lessons in Resilience

PIYUSH KUMAR

Background

Piyush Kumar, a bright and determined student from Bihar, faced early life challenges after losing his mother as an infant. Raised by his maternal family and later by his father—who runs a small electronics shop. Piyush has consistently shown resilience and a strong drive to succeed.

Personal Struggles

Despite limited financial means, Piyush excelled academically, securing 94% in SSC and 95% in HSC, with top ranks at both district and state levels. He cleared JEE Mains and Advanced and is now pursuing a B.Tech. in Chemical Engineering at BIT Mesra, aiming to shift to Electrical Engineering based on availability.

ASF's Role

ASF has been a steady source of support, providing mentoring and encouragement to help Piyush stay focused on his academic goals and personal growth. This backing has enabled him to participate confidently in various academic and innovation-driven activities.

Transformation in Life

Piyush's passion for innovation has led to remarkable milestones. His projects—Delta Wing Aircraft and Geofencing in EVs—were selected for the Platinum Jubilee Tech Exhibition at BIT Mesra, held from 10th to 15th February 2025, where Hon'ble President of India, Smt. Droupadi Murmu, was the Chief Guest. His participation in such a prestigious event marked a proud moment in his journey toward becoming a skilled innovator.

Long-term Impact

His startup idea was selected for the College Youth Ideathon at IIT Delhi, where he presented it from 3rd to 7th April 2025. Opportunities like these reflect his growing leadership in innovation. ASF's continued mentoring will guide him in navigating future challenges and scaling his potential.

Beneficiary's Voice

"I am currently pursuing my bachelor's degree at the Birla Institute of Technology in Mesra, Ranchi. I want to express my gratitude to the Adimahesh Seva Foundation for the educational assistance they have provided me, which has been instrumental in helping me continue my higher education."

-Piyush Kumar

Their Path Today

Currently in Semester 2 of his B.Tech program, Piyush remains actively engaged in academics and technical projects, while preparing for a potential shift to Electrical Engineering.

ASF's Continued Role

ASF will continue to support Piyush throughout his academic journey through consistent guidance, mentorship & encouragement ensuring his overall development as a future engineer and innovator.

VISHVA CHAVADA

Background

Vishva Chavada, from Vadodara, Gujarat, is the only child in a close-knit middle-class family. She lives with her parents and maternal grandparents. Her father works as a tailor alongside her grandfather, and her mother is a homemaker. Vishva displays confidence, optimism, and a strong desire to grow both academically and personally.

Personal Struggles

Despite financial limitations, Vishva has always remained focused and hardworking. She scored 91% in her 10th and 81% in her 12th grade, and secured 180/360 in JEE Advanced. Balancing aspirations with limited resources, she continues to strive for excellence in every area.

ASF's Role

ASF supports Vishva in her academic journey through financial assistance and moral encouragement, helping her make the most of the opportunities at her institute and pursue her ambitions without added pressure.

Transformation in Life

Vishva has shown great initiative by securing positions in two prestigious clubs at NITK Surathkal—Robocon, which designs competitive robots, and NITK Racing, which builds race cars. Each selection involved four rigorous rounds, and she cleared all successfully. She earned a project on a Line Following Bot—a rare opportunity for first-year students—and contributed to her team reaching the final round of a competition in Bangalore. She also won gold in the All India Inter-NIT Table Tennis Championship held at NIT Jalandhar, representing her institute.

Long-term Impact

With active involvement in hands-on projects, national competitions, and technical clubs, Vishva is gaining valuable exposure and skills that will shape her future as an engineer. ASF's support ensures that she stays on track and continues to grow into a confident and capable professional.

Beneficiary's Voice

"I am writing to express my heartfelt gratitude for your generous support in covering the fees for my education. Your contribution has had a significant impact, and I am deeply appreciative. I promise to help students like me, who are eager to study but are unable to due to financial constraints. Once I am financially independent, I will contribute to this foundation to support others."

-Vishva Chavada

Their Path Today

Vishva is currently in her first year of B.E. in Electronics and Communication Engineering at NITK Surathkal, excelling in academics, innovation, and sports.

ASF's Continued Role

ASF will continue to stand by Vishva, offering ongoing mentorship and support based on her academic performance and holistic development, nurturing her potential for long-term success.

HETAL PARGI

Background

Hetal Pargi, the eldest of seven siblings, hails from a rural village in Gujarat. With a confident and outgoing personality, she is deeply committed to her studies and personal development. She came in contact with ASF through KSV Vidyalyaya, Kadi.

Personal Struggles

Hetal's family of nine lives in a single-room house. Her father, a farmer with limited means, and her homemaker mother have made significant sacrifices to support her education. Despite financial hardships, Hetal remained focused. She is proud to be the first girl from her village to pursue post-graduation, setting a positive example for others.

ASF's Role

ASF has been instrumental in supporting Hetal through financial assistance and structured mentorship. Regular interaction with her mentor helps her stay motivated and navigate her academic journey with clarity and confidence.

Transformation in Life

Hetal secured an 8.22 SGPA in her first semester and is targeting a 90% score in Semester 2. Her academic progress reflects her dedication and the value of timely support. She is also preparing for a rural camp and an upcoming internship, which will enhance her field learning experience.

Long-term Impact

Hetal's achievements are inspiring her community, especially young girls who now see higher education as a possibility. With ASF's ongoing mentorship, she is growing into a socially aware and capable individual, ready to contribute meaningfully through her work in social welfare.

Beneficiary's Voice

"I am writing to express my heartfelt gratitude for the Education Assistance awarded to me for my post-graduation studies. Your generosity has opened new avenues for my education and has made my academic journey possible. Your contribution is invaluable to me, and I promise to uphold the trust you have placed in me. Your support has alleviated my financial burdens, allowing me to focus fully on my studies. Thank you for believing in me and investing in my future. I am deeply indebted to your organization and will always cherish your support."

– Hetal Pargi

Their Path Today

Hetal is currently in her second year of MSW at MIPLVP Institute of Social Work, continuing to perform well academically and actively participating in community-based activities.

ASF's Continued Role

ASF will continue to support Hetal throughout her postgraduate studies with academic guidance, mentorship, and emotional support, empowering her to reach her full potential and give back to society through her chosen field.

RAVI KALARIYA

Background

Ravi Kalariya, a sincere and hardworking student from Jam Jodhpur (Rajkot district), has shown remarkable determination despite personal hardships. After the loss of his father in 2020 due to failed crops, he and his mother moved to live with his maternal grandmother. Without support from paternal relatives, Ravi continues to push forward with strong will and discipline. He travels daily by train and bus to attend his college, demonstrating his dedication to education.

Personal Struggles

Facing economic challenges, Ravi balances his academic responsibilities with part-time work to support himself and his family. His mother works at a restaurant to help make ends meet. Even in these circumstances, he remains focused on his goal of becoming a web designer and application developer, showing great resilience and drive.

ASF's Role

ASF has supported Ravi through financial assistance and regular mentorship, offering him a stable foundation to stay committed to his education. Mentors are helping him gain clarity, build confidence, and develop practical strategies to grow academically and personally.

Transformation in Life

With guidance and encouragement, Ravi continues to make steady progress. He secured a SGPA in Semester 2 and is further exploring his passion for Web and App development. His positive mindset and adaptability are helping him grow into a capable, tech-focused student.

Long-term Impact

Ravi's journey is one of quiet perseverance and strong potential. ASF's support is not only easing financial pressure but also helping him build the self-belief and focus needed for a career in technology.

Beneficiary's Voice

"I am thankful to AdiMahesh Seva Foundation which provides scholarships to students having poor financial conditions. I am thankful for the response that I received from the Foundation. I will also inform other students facing financial hardships, to contact AdiMahesh Seva Foundation."

-Ravi Kalariya

Their Path Today

Now in his second year of BCA, Ravi is steadily working towards his career goals, refining his skills, and staying involved in his learning journey.

ASF's Continued Role

ASF will continue to walk alongside Ravi in his academic path by providing mentorship and financial support, helping him become a confident professional and achieve long-term success.

07 The Ripple Effect of Education Assistance Program

i. Story of Transformation: Breaking the Cycle

- » Some journeys begin with obstacles. Others begin with purpose. For Prabhav Pande, it was both.
- » Raised by his mother, an administrative staff member at NRC School in Mohone, Thane. Prabhav faced significant adversity early in life following the loss of his father. Despite the financial constraints, he remained determined to forge a better future for himself and his family.
- » Prabhav's passion for technology led him to pursue a Bachelor of Engineering in Computer Science from Yadavrao Tasgaonkar College of Engineering and Management. Throughout his academic journey, he not only excelled in his studies but also demonstrated leadership as the General Secretary of the Student

Council. His commitment to personal growth extended beyond academics, as he earned 1st place in arm wrestling and 2nd place in shot put at inter-college sports events.

- » However, the financial burden of his education remained a significant challenge. ASF's timely support alleviated this burden, enabling Prabhav to focus on his academic and professional aspirations without the weight of financial worries.
- » Today, Prabhav is a .NET Developer at Quinnox in Mumbai, where he continues to excel and grow professionally. His journey is a powerful example of how the right support, at the right time, can break the cycle of hardship and create new opportunities for success.

iv. Mentor and Mentee Experiences

Throughout the year, several key sessions were conducted to support the development of our mentees:

- » **9 Orientation Sessions** were held to establish strong mentor-mentee relationships, setting clear expectations and goals.
- » **3 Mentoring and Monitoring Sessions** took place between ASF Mentoring Incharge and mentees, addressing doubts and ensuring smooth communication with mentors.
- » **2 Director-Mentor Sessions** were organized to resolve challenges faced by mentees and improve the mentoring process.

Additionally, digital one-on-one or group sessions were held between mentors and mentees to ensure continuous guidance and support, regardless of geographical constraints.

Around 60 to 65% of students maintained regular interaction with their mentors, while the remaining participants were comparatively less in touch.

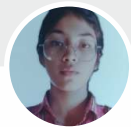

v. The Impact of Guidance: Mentees Speak

Name	Course	Mentor
Dharmi Chauhan	B.Tech. CSE-Data Science	Ms. Supritha Pujaree (Ex- beneficiary)

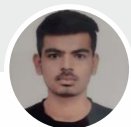

This message is my heartfelt thanks to the ASF team, and especially to the mentor assigned to me – Supritha Pujaree. She is very supportive, very kind, and truly sweet when it comes to helping and guiding. She has made me feel comfortable enough to text or call her whenever I need help or guidance. She has always guided me well whenever I've reached out.

On top of that, she suggests ways to handle difficult subjects even when I don't ask – and that's what makes our conversations so helpful and amazing. I'm very grateful to have such a wonderful mentor and to be part of the ASF team.

09 Visionary Horizons

As we look to the future, it is essential to align our efforts with strategic actions that will propel the AdiMahesh Seva Foundation towards achieving its vision of making quality education accessible to deserving beneficiaries.

This section outlines the **key strategic priorities** for the Foundation over the next year, focusing on **expanding the reach of our programs, strengthening our operations, building robust partnerships, and enhancing our impact.**

Expand Educational Programs

Goal

- » Onboard 300 new beneficiaries by December 2026.

Initiatives

- » Scale up the reach of our educational programs across Pan India, ensuring that quality education is accessible to underserved communities.
- » Develop outreach plan to offer diverse educational pathways for beneficiaries.

Strengthening of Renewal Process

Goal

- » Enhance beneficiary engagement and program continuity.

Initiatives

- » Finalize the Management Information System (MIS) to streamline beneficiary data and program tracking.
- » Establish clear processes for semesterly and yearly renewals, ensuring that beneficiaries' progress is monitored regularly.
- » Strengthen the transition between onboarding and program monitoring to ensure seamless integration into the Foundation's educational support system.

Mentor Program

Goal

- » Expand and enhance the impact of the mentor program.

Initiatives

- » Implement "Framework," a robust mentoring framework to guide mentor-mentee relationships.
- » Conduct a comprehensive survey to assess the effectiveness and impact of the mentor program on beneficiaries.
- » Improve the monitoring process of the mentor program to ensure consistent quality and support for all participants.

Strengthen Partnerships

Goal

- » Build strong, collaborative relationships to expand the reach of our programs.

Initiatives

- » Engage local schools, NGOs, foundations, and institutes to broaden the impact of the Educational Assistance Program (EAP) and Mentor Program.
- » Collaborate with corporate partners for sponsorship, volunteer support, and joint initiatives that further our mission.

Enhance Fundraising Efforts

05

Goal

» Increase fundraising capacity to support program expansion.

Initiatives

- » Develop and implement a comprehensive fundraising strategy, incorporating various channels including digital campaigns, events, and donor relationships.
- » Grow the donor base by 25% through personalized connections, targeted campaigns, and regular donor engagement activities.

Improve Organizational Efficiency

06

Goal

» Streamline internal operations to enhance program delivery and staff satisfaction.

Initiatives

- » Revamp internal processes to ensure faster, more efficient delivery of educational and mentorship programs.
- » Invest in staff training and development programs to ensure the team is equipped to meet evolving organizational needs.

Year-End Gala

07

Goal

» Celebrate milestones and reflect on the impact.

Initiatives

- » Organize a year-end gala in December to showcase the Foundation's impact, celebrate beneficiaries' success, and raise funds for future programs.

Strengthen Reporting Structure

08

Goal

» Enhance transparency and improve reporting systems.

Initiatives

- » Finalize the annual report and ensure timely preparation for the upcoming year.
- » Implement monthly, semi-annual, weekly, and daily reporting protocols to ensure data-driven decision-making and accountability.

Capacity Building of the Team

09

Goal

» Foster a skilled and adaptable team.

Initiatives

- » Finalize the annual report and ensure timely preparation for the upcoming year.
- » Implement monthly, semi-annual, weekly, and daily reporting protocols to ensure data-driven decision-making and accountability.

Participation in Conferences and CSR Meets

10

Goal

» Increase visibility and demonstrate impact at a national level.

Initiatives

- » Participate in key conferences and CSR events to showcase the Foundation's work, network with potential partners, and highlight our impact across India.

HR Strengthening

Goal

- » Enhance human resource management practices.

Initiatives

- » Finalize a bi-annual review process for staff performance, ensuring alignment with organizational goals.
- » Implement Key Result Areas (KRA) and Key Performance Indicators (KPI) to assess performance.
- » Revise HR policies and processes to ensure clarity and efficiency in team management.

Impact Assessment

Goal

- » Evaluate the effectiveness of our programs and inform future strategies.

Initiatives

- » Identify an agency to conduct a comprehensive impact assessment of our educational and mentorship programs.
- » Gather knowledge on the criteria for impact assessment and conduct mock evaluations to refine the process before official assessment.

Social Media and Online Presence

Goal

- » Increase visibility and engagement across digital platforms.

Initiatives

- » Increase social media posts that showcase the voices of beneficiaries, the impact of our programs, and key milestones.
- » Expand our social media following and increase engagement through targeted content that highlights the Foundation's work.

Digitalization

Goal

- » Streamline processes through digital tools to improve program delivery and monitoring.

Initiatives

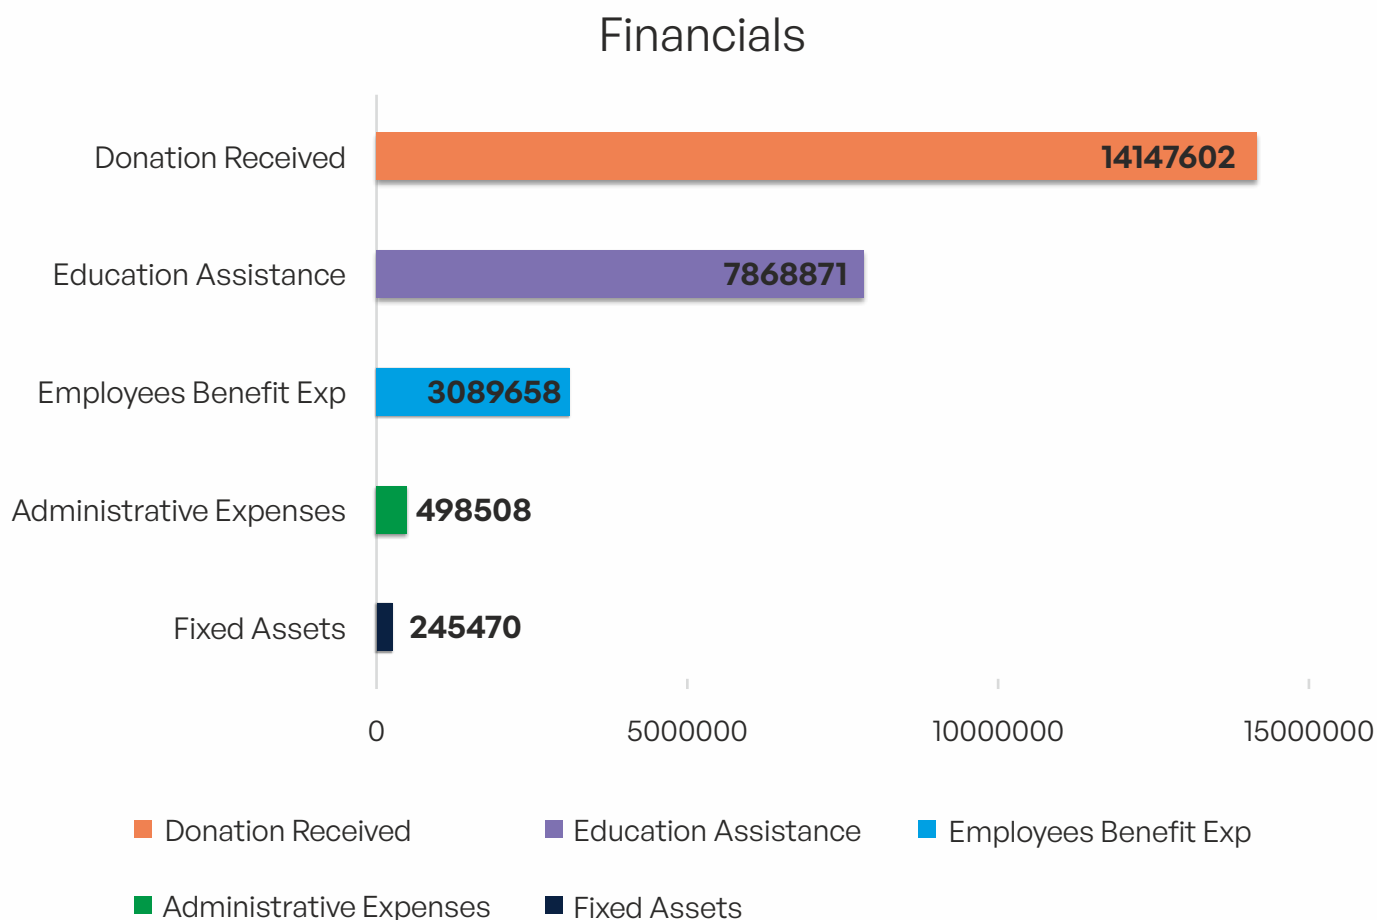

- » Implement an end-to-end digital process from onboarding to mentoring, ensuring that all beneficiary interactions are efficiently managed and tracked.

Conclusion

These strategic priorities will guide the Foundation's efforts throughout the next year and beyond, ensuring continued growth and success in achieving our mission to provide quality education to deserving students across India.
